In the event of non-compliance with the dismantling times and/or that the Exhibitor fails to clear the area, the Exhibitor gives its irrevocable consent to BolognaFiere to consider anything left on the stand as waste material to be sent to public waste disposal sites, for which the Exhibitor will be required to reimburse all the related direct and indirect costs, with a minimum of €700.00 per 16.00m², and without prejudice to any reimbursement for further damages.

The Exhibitor assumes sole responsibility for any damage or theft that may occur during the course of the Exhibition, both during and after the set-up phase.

2.E - Terms of payment

All sums required for the participation in the Exhibition must be paid by the deadlines and methods specified in the application form.

2.F - Insurance - Exemptions, Assumptions, and Limits of liability

During the hall opening hours the Exhibitor shall watch over his own booth either directly or by means of his/her staff. Although BolognaFiere provides a general security service (all day and night long) inside the Exhibition Centre when the Centre is closed to the public and exhibitors for the entire duration of the Exhibition and during the booth installation and dismantling periods, it is hereby released from any and all responsibility for theft and/or damage that may be sustained by the Exhibitor.

The Exhibitor shall also be responsible to BolognaFiere for all damage, be it direct or indirect, which for whatever reason is attributable to him or to the staff working for him (including damage caused by furnishings or by the systems set up either by the Exhibitor or by third parties tasked to do so, even if they have been inspected by BolognaFiere).

Compensation for damages deriving from such theft or damage as may be sustained by the Exhibitor, even when the halls are closed (including all the days set aside for booth furnishing and removal) shall be secured solely by means of appropriate insurance cover and within the limits/conditions provided therein.

The Exhibitor shall benefit from the following insurance policies taken out by BolognaFiere and as agreed with the Organizing Secretary:

- a) All Risks guarantee (including fire and theft) for material and direct damage to furniture, set-up, equipment and merchandise at the booth, excluding cash, items of value, precious goods, etc., excluding software installed on computers and excluding damage from failure to use furniture, set-up, equipment and merchandise during the Exhibition period - coverage € 40,000.00 absolute first risk (including fire and theft), with fixed exclusion of € 300.00 for each damage, raised to € 600.00 for damage occurring after the end of the Exhibition;
- b) Third Party Liability cover: including damage by fire single limit € 50,000,000.00;
- c) Employees Liability cover: maximum sum insurable per claim € 3,000,000.00, with limit of € 2.000.000,00 per person;
- d) The Insurance Company's waiver of any recourse against all the Exhibitors, the Organiser and BolognaFiere.

The insurance coverage described above is governed by specific conditions and limitations that the Exhibitor can request from the Organizing Secretariat of the Exhibition and are listed in the documentation for the Exhibition. Such coverage does not exclude the Exhibitor's liability for all the risks which, according to the Exhibitor's independent evaluation, are not guaranteed or exceed the aforementioned coverage limits. The Exhibitor shall provide to the necessary additional coverage.

Specifically, based on the presence of a video-surveillance system, the Exhibitor acknowledges that, in the event of theft, the relevant complaint to the Public Authority must be sent to the Insurance Company within seven days after the end of the Exhibition, and that failure to do so will result in loss of the right to compensation.

The Insurance Company shall also manage claims and liquidation procedures at the end of the Exhibition. The Exhibitor undertakes to include in the additional coverage the Insurance Company's waiver of any recourse against the Exhibitors, the Organiser and BolognaFiere and, in default, must protect same against any action that might be taken against them.

Having acknowledged the above, the Exhibitor (on his own behalf and on behalf of his collaborators or appointees) expressly exempts the Organiser and BolognaFiere from any liability for losses or failures that for any reason might occur in his assigned exhibition space during the Exhibition and during booth set-up and knockdown, and that may involve the property contained therein, and assumes sole liability for any damage caused to third parties deriving from management of the exhibition space or the property contained therein and not covered according to the terms and conditions described above or activated by the Exhibitor himself. The Organiser and BolognaFiere decline all liability for consequential damage, damage to image, loss of income, etc. With regard to direct damage, the Exhibitor agrees that the Organiser and BolognaFiere limit their liability to the limits and maximum sums payable of the above-mentioned insurance policies. The Exhibitor accepts such limits of liability.

3 - SET UP AND PROHIBITIONS

FORM 0 (zero)

Form 0 allows you to declare the type of exhibit you intend to set up or submit any request for authorization to set up a Non-Standard exhibit.

Form 0 can be downloaded from the Forms reserved area of the <https://cosmofarma.befair.eu/> platform. Each exhibitor is required to submit **Form 0 by April 8th 2026** to the email tecnico2@bolognafiere.it

3.A - Definition of the setting-up types and approval procedures

Booth fittings, regardless of their area, are classified into:

- **PRE-FURNISHED** set-up (set-up stand by BolognaFiere)
- **STANDARD** set-up
- **NON STANDARD** set-up

The details of these categories are set out in Chapter 3.1 of the Bologna Exhibition Centre Regulations.

For Non-Standard set-ups, static testing is mandatory and will be carried out exclusively by BolognaFiere. For this, the Exhibitor will be charged an amount corresponding to the type of set-up indicated in Form 0, which can be downloaded from the reserved area of the platform <https://cosmofarma.befair.eu/>.

The following documents are required to be submitted by April 8th 2026:

1. the Form 0
2. the design of the non-standard set-up stamped and signed by a licensed technician
3. the required documents (see Form 0).

for approval to BolognaFiere and the Organizer using the following contact details:
tecnico2@bolognafiere.it and, in copy, to

- **Hall 25** stefania.cosentino@boseventi.it
- **Hall 26** stefania.cosentino@boseventi.it or laura.lapini@boseventi.it (according to your sales contact)
- **Hall 29** stefania.cosentino@boseventi.it or laura.lapini@boseventi.it (according to your sales contact)

It is mandatory to submit, at the end of the setup works and before the beginning of the exhibition:

1. **Statement of correct assembly** to the email forms@bolognafiere.it

If the aforementioned documents are not sent by the established date, or are sent late, the exhibitor will be charged the amounts indicated in Form 0.

3.B - Booth set-up

The build specifications of the stand set-ups are set out in Chapters 3.4 and 3.5 of the Bologna Exhibition Centre Regulations.

Specifically for COSMOFARMA EXHIBITION 2026:

EXHIBITION SPACE

The Exhibitor shall contain his or her exhibit within the area allotted to him or her, identifiable either by partition walls, or paint lines, or adhesive tapes, where no other reference elements exist.

HEIGHTS AND WALLS

Booths shall not exceed the maximum standard height of 3.50 m taking into account thicknesses due to raised floors, lighting fixtures, lighting fixture supports including lattice, signs, graphics, etc.. Beyond this height the set-up will be Non-Standard and, compatibly with the assigned area and technical regulations, BolognaFiere's approval will be required (as per art. 3A).

Out-of-Standard set-ups are not permitted without the prior approval of BolognaFiere.

If the installation includes glass elements placed in direct contact with the public, the glass used must comply with Regulation (EU) 2024/3110 on Construction Products and must be selected according to the safety criteria defined in the UNI 7697:2021 standard.

Large or load-bearing glass elements must be integrated with suitable support structures (e.g., metal frames or other equivalent systems) to ensure their stability and overall safety.

PARTITION WALLS VISIBLE FROM THE ADJACENT STANDS MUST BE PERFECTLY FINISHED AND PAINTED WHITE IN THE PART EXCEEDING THOSE OF THE ADJACENT STAND. ANY TOTEMS OR OTHER DECORATIVE ELEMENTS MUST BE POSITIONED IN THE CENTER OF THE STAND AND MUST BE AUTHORIZED IN ADVANCE IF THEY EXCEED A HEIGHT OF 3.50 METRES, ALWAYS COMPATIBLE WITH THE TECHNICAL CHARACTERISTICS OF THE PAVILION.

Exhibitors with SPACE ONLY BOOTH will have to carry out independently (through their stand fitter) for the construction of the partition walls near the other booths as well as the back walls; if the exhibitor does not follow this rule, the organizer will install the walls, charging the relative expenses to the exhibitor. The electricity share provided in the application for participation includes the electrical connection, testing, power up to 3 kW and the extinguisher but does not provide for the construction of the internal electrical system, to which the exhibitor with booth in free area must provide through authorized company.

We also remind you that in the case of the display of luminous signs, and LED graphic crosses (to be compulsorily installed within the surface of the booth) the same must be placed ensuring a minimum height above the floor (floor) of 2.80 meters.

The structures constituting the booth set-up must comply with the height allowed by these Regulations and must also not deprive visibility and light, as well as harm other adjacent Exhibitors in the vicinity. **It is therefore forbidden to build closed perimeter walls longer than 6.00 m. Beyond that, walls must be interspersed with open spaces, or built with transparent material, of at least 4.00 m. Otherwise, the Organizer reserves the right to demand adjustment.**

The structures constituting the booth set-up must be perfectly connected, by the Exhibitor, to the structures of neighboring booths and/or to the back walls of the hall. In particular, if the booth is positioned along the perimeter wall of the hall, the Exhibitor will be required to construct the side paneling necessary to close any gap between the booth structure and the back wall of the hall, while still ensuring accessibility to exit, driveways, electrical panels, fire hydrants or other.

PLATFORMS AND MEZZANINES

Platforms over 0.80 meters are considered Non-Standard.

Projects for mezzanines or second floors must compulsorily have received written approval from the Technical Office of BolognaFiere (tecnico2@bolognafiere.it), after acquiring the necessary technical documentation.

Mezzanines (with a maximum height of 5.50 m) may be built by companies with an exhibition area of more than 64 sq.m. and, compatibly with the technical characteristics of the assigned area, to the maximum extent of 60% of the area of the assigned booth.

The area related to the mezzanine, even if it is interdicted to the public, will result in a charge to the Exhibitor, for each sq.m. of the raised area, equal to 50% of the amount provided for the exhibition area.

RIGGING AND SUSPENDED LOADS

Rigging is possible only in halls 14-15-16-18-19 and partially in halls 28-29-30-36-37.

The rigging suspension points on the hall structures must be installed only by BolognaFiere, which will also carry out the testing of the same.

Therefore, to set up rigging, a feasibility request must be sent by email to the technical offices of BolognaFiere in the manner indicated in form A and in copy to the Organiser.

Send feasibility request by e-mail to the office appendimenti@henoto.com and in copy to the Organizer:

Hall. 29 stefania.cosentino@boseventi.it or laura.lapini@boseventi.it (according to your sales contact)

In the event that BolognaFiere finds even just one defect, it may request prompt resolution of the same and the Exhibitor will be required to comply.

5.F - Sound broadcasts, payment of royalties

Exhibitors are not normally permitted to use devices for the reproduction of music and sounds. Any exceptions may be authorised in writing. This authorisation may be revoked with immediate effect at any time, by simple written notice.

Any authorisation does not exempt the Exhibitor from using the equipment in such a way so as to not disturb the other Exhibitors and visitors, particularly with regard to noise pollution regulations (maximum limit permitted by Law). Likewise, the Exhibitor is not exempted from the requirement to comply, at its own expense, with the

applicable laws on copyright (authors and publishers) and related rights (producers and artists) and must therefore complete the relative formalities with the companies in question. The same applies to the distribution of audio-video or multimedia supports containing intellectual property protected under the law, for which the costs to approve the use of said supports are added, with respect to the above.

The control of the acoustic levels will be recorded outside at the closest point to the booth and must not exceed 70 dB.

5.G - Press office

The Press Office performs the work of disseminating exhibitor-related news free of charge. It is therefore recommended that:

- b) Send the documentation relating to your activity to the Exhibition Organizing Office (e.g. press releases, brochures, etc.) which will be made available to journalists in the Press Office, using the following address:

**Cosmofarma Exhibition Organizing Office – Centro Servizi, Block C, 1st floor
Bologna Exhibition Centre - Michelino EST Entrance - 40127 BOLOGNA**

For more information, Exhibitors may contact the Exhibition Organizing Office.

5.H - Activities in the exhibition stands

Exhibitors must refrain at all times from using the common areas outside their stand for the display of promotional material. BolognaFiere shall be entitled to remove such material from the common areas and/or to charge for the payment of the additional space used. Failure to comply with this rule may result in the Exhibitor's stand being closed.

6 - OVERSIGHT AND INTERVENTION BY BOLOGNAFIERE

BolognaFiere takes steps to ensure that the regulations and the general conditions for participation are observed, and all those entering the Exhibition Centre are obliged to abide by the provisions and instructions that BolognaFiere Spa issues on entry to and inside the Centre; these may take the form of specific signs, written notices, and loudspeaker announcements and may also be issued by service personnel or by any other means, it being understood that the loudspeaker announcements and the instructions given by the service personnel prevail over any other form of notification.

Exhibitors are reminded that any infringement of the rules or prohibitions may result in the immediate closure of the stand by BolognaFiere officials or agents and the collection of entry passes and car parking badges, all without any right of the Exhibitor to refunds of any kind.

7 - AMENDMENTS TO THIS REGULATION

Any provisions of the law or regulations that alter the terms of this regulation will immediately and automatically take effect, even if the Exhibition Regulations have not been amended to reflect said changes.

Additionally, BolognaFiere has the right to adopt at any time such measures as are deemed appropriate, which the exhibitor shall immediately apply, with regard to fire prevention, occupational health, accident and injury prevention and the safety of exhibitors and visitors.

These measures may be notified to Exhibitors using any means and shall prevail over any general measures previously adopted.
